

Khaled Anter

Junior Software Tester

Mansoura, Egypt — khaledanter1080@gmail.com — +20 109 936 0266 — linkedin.com/in/khaled-anter-0x

PROFILE

Junior Software Tester with hands-on experience in manual testing of web and mobile applications. Skilled in functional, regression, exploratory, and API testing, with practical experience in authentication, business logic, and user workflow testing. Knowledge of Selenium-based test automation and experience in web/API security testing.

SKILLS

Technical Skills

- **Testing:** Manual Testing, Functional Testing, Regression Testing, Smoke & Sanity Testing, Exploratory Testing, Test Case Design & Execution, Bug Reporting, Positive & Negative Testing
- **Web & Mobile:** Web Application Testing, Mobile Application Testing, UI Testing, User Workflow Testing, Input Validation, Authentication & Authorization Testing
- **API Testing:** REST API Testing, Postman, HTTP Methods & Status Codes, Request/Response Validation
- **Database Testing:** SQL, Data Validation
- **Automation:** Selenium, WebDriver, TestNG, Test Automation
- **Test Management & Tools:** Jira, Trello, Zephyr, Browser DevTools, Git, Linux
- **Security:** Web & API Security Testing, OWASP Top 10, Burp Suite, Authentication & Authorization Testing

Soft Skills

- Problem-Solving, Analytical Thinking, Leadership, Attention to Detail, Teamwork

PROJECTS

Shopify – Web Application Testing

- Performed manual testing of authentication, core workflows, and business logic scenarios.

Omnicell Pharmacy – Pharmacy Management Testing

- Performed manual testing of authentication cycles, pharmacy workflows, and business logic scenarios.

QA Cloud – Market

- Performed manual testing of core workflows, business logic, and race condition scenarios.

Agile Travel – Web Application Testing

- Designed and documented 50+ manual test cases covering authentication, booking workflows, and business logic.
- Performed functional, negative, and exploratory testing to validate authentication flows, booking scenarios, and business logic consistency.

TryHackMe – Web Application Testing

- Designed and documented 50+ manual test cases covering authentication, search, and dashboard functionality.
- Performed functional, positive, negative, and exploratory testing across core web application workflows.

Graduation Project – ReMind

- Worked as a Backend Developer using PHP/Laravel and REST APIs on a Flutter-based mobile application.
- Additionally performed manual QA testing of mobile functionality, user workflows, and integration scenarios during development.
- Performed API testing using Postman and security testing of authentication, authorization, and input handling.

EDUCATION

Bachelor of Computer Science

Misr Higher Institute for Engineering and Technology

2022 – 2026

STUDENT ACTIVITIES

- **IEEE - Mansoura University:** Head of Cybersecurity Committee (2025–2026), Member (2024–2025)
- **CAT Reloaded - Mansoura University:** Member of Cybersecurity Committee (2024–2025)
- **ACPC - MET Academy:** ICPC Competitor (2022–2023)

CERTIFICATIONS & TRAINING

- Introduction to Software Testing – Mahara-Tech
- Testing Bootcamp – Nezam Academy
- ISTQB Foundation Level (FL) v4.0 Training – Nezam Academy
- Jr Penetration Tester – TryHackMe
- Certified Associate Penetration Tester (CAPT) – Hackviser
- Penetration Tester – Digital Egypt Pioneers Initiative (DEPI)
- INE eJPTv2 Training (Self-Study)
- CompTIA Security+ (Self-Study)
